

# Reinstalling Windows

This is to be sung to the tune of "When I'm Cleaning Windows" by George Formby

G A7  
I bought a new computer, it cost two thousand pound;  
D7 G  
But every time I switch it on it keeps on falling down.  
G G7 C Cdim  
I used to think it was my friend Now it drives me round the bend;  
G E7<sup>2</sup>  
You'd be surprised the time I spend  
Eb7 G  
Reinstalling Windows.

G G7 C Cdim  
I switch it on but what is this? There's something wrong with CONFIG.SYS?  
G E7<sup>2</sup>  
This isn't my i-dea of bliss,  
Eb7 G  
Reinstalling Windows

G G7 C Cdim  
Reboot again and what is that? I've gone and lost my SYSTEM.DAT?  
G E7<sup>2</sup>  
Would you ever credit that?  
Eb7 G  
Reinstalling Windows

B7  
I want to share my printers and  
E7  
I want to share my files,  
A7  
I want to share my anger `cos  
D7  
It drives me bloomin' wild.

G G7 C Cdim  
Load disk four, oh what fun! It says it helps you get things done;  
G E7<sup>2</sup>  
Every day now everyone's  
Eb7 G  
Reinstalling Windows.

G G7 C Cdim  
Load disk ten and it will say All you do is plug and play  
G E7<sup>2</sup>  
So why do I spend every day  
Eb7 G  
Reinstalling Windows?

B7  
It can't locate my printer and  
E7  
it can't locate my mouse;  
A7

The other day it told me  
D7 Cm D7  
They were in Bill Gates's house.

G G7 C Cdim  
Still unplugged, still unplayed I've E-mailed God in search of aid  
G E7<sup>2</sup>  
He's far too busy he's afraid  
Eb7 G  
Reinstalling Windows.

G G7 C Cdim  
Up at dawn for one more try; Does it work? Can pigs fly?  
G E7<sup>2</sup>  
How do I expect to die?  
Eb7 G  
Reinstalling Windows.

B7  
It doesn't like my modem and  
E7  
Detests all CD-ROMs;  
A7  
Let's see if Setup Wizard  
D7 Cdim D7  
Recognizes bombs.

G G7 C Cdim  
I used to like a drink or three; No time now, don't call for me;  
G E7<sup>2</sup>  
I'm going to spend eternity  
Eb7 G  
Reinstalling Windows.
